

ASPHALT & AGGREGATE PRODUCTION TECHNOLOGIES

Asphalt Plants

E Series

200-240 t/h

- > Hot Mix, Warm Mix, Stone Mastic, Mastic, Guss Asphalt
- > High stocking capacity

Express

80-320 t/h

- > Fast assembly
- > Easy transportation
- > Economical price

Expert

240-320 t/h

- > Economic assembly in narrow spaces
- > Totally closed mixing tower
- > Transportable within container dimensions
- > Economical price

Green Type

200-240 t/h

- > High volume bunker capacity
- > Wide platform and stairs
- > Easy to integrate to additional technologies

Super GT

80-350 t/h

- In addition to Green Type features;
- > High volume hot aggregate silo capacity
- > Totally closed mixing tower
- > Enables to stock 5 types of asphalt simultaneously

Majestic

260-350 t/h

- > High production capacity
- > Ideal for metropolitan cities
- > Quick mixture design change via double sieve
- > Enables to stock 5 types of asphalt simultaneously

Aggregate Plants

Challenger

- > Energy saving
- > Environmentally friendly
- > High asphalt / concrete quality
- > Capacity 250 - 450 t/h

Megaton

- > Feeds asphalt, concrete batch and cold mix plant simultaneously
- > Environmentally friendly
- > 3000 ton storage capacity
- > 10.000 ton/day production capacity

Vertical Impact

Shaft (VSI) Crusher

- > Special wear resistant hard alloys
- > Enclosed or open rotor according to aggregate type
- > Up to 500 ton/hour capacity

Cold Mix Plant

- > Fast and easy installation
- > Economical price
- > Frequency controlled aggregate feeders
- > Up to 500 ton/hour capacity
